

RELEBOHILE NTHAKO

BSc Information Technology Student | AI & Algorithms | Networks & Systems | Front-End Development

+27 67 870 6760 | relebohilenthako4th@gmail.com | [Virtual CV](#) | [LinkedIn](#) | [GitHub](#)

SKILLS

Languages & Data

- Python
- C#
- Java
- C++
- SQL
- JavaScript
- HTML/CSS

Frameworks

- ASP.NET
- .NET Framework

Currently Learning

- React
- TypeScript
- Next.js

EDUCATION

BSc Information Technology

In Progress · 2023 – Present

North-West University,
Potchefstroom

National Senior Certificate

Completed 2020

-Dr Reginald Cingo Secondary School,
Kroonstad

-3rd place, 2018 provincial Physical
Science Olympiad

PROJECTS

Line Encoding Explorer

Interactive tool visualizing Layer 1
data encoding schemes. HTML5 ·
CSS3 · JavaScript

k-means Clustering Visualizer

Interactive Python tool for clustering
& model evaluation. Python · Jupyter

PROFILE SUMMARY

BSc Information Technology student at North-West University with a systems-level foundation spanning computer networks, information security, database management, and operating systems, paired with coursework in artificial intelligence and data structures & algorithms. Comfortable moving between low-level systems thinking and practical, front-end-facing code — currently extending that range from JavaScript into React, TypeScript, and Next.js.

PROFESSIONAL EXPERIENCE

Student Assistant — CMPG 111: Introduction to Programming

Feb 2026 – Present

North-West University | Potchefstroom Campus

- Tutored peers on Python and SQL coursework across one-on-one and small-group sessions throughout the semester.
- Marked and gave feedback on assignments across multiple course sections, helping identify common gaps in student understanding.

Student Tutor — CMPG 121: Structured Programming

Aug

2025 – Dec 2025

Gradesmatch – BridgeOne | Remote

- Tutored students on C++ one-on-one and in small groups.
- Assessed students' understanding of programming concepts and provided targeted feedback on learning progress.

Operations & Systems Assistant (SME)

Jan 2022 – Present

Pincas (Pty) Ltd | Kroonstad, Remote

- Designed and implemented structured operational processes and workflows, improving team efficiency and reducing task redundancy.
- Introduced new digital systems and toolsets for daily tracking, reporting, and team communication, saving several hours of manual work each week.
- Analyzed legacy operational bottlenecks and re-engineered workflows to improve end-to-end service delivery.
